BASKET BALL

Norway High 46; Bridgton Academy 24

In a rather loose and easy going exhibition of clean playing, Norway closed its basket ball schedule by winning from Bridgton Academy. The game was played at Norway Opera House Friday evening before one of the largest crowds for the season. Enthusiasm was a prominent feature and the cheering section on the stage animated a rather prosy chapter in the exciting book of winter sports.

Norway gathered up the reins on the start and jumped into a safe lead. The visitors followed it up slowly, but were unable to locate the ring with any certainty during the first half. Bridgton negotiated only two floor baskets from a score of the "almost variety" during the first twenty minutes. Walker tossed in a pair from the foul line on a possible four chances while Purington fell down on two free tries with no points. Score end of first half N. H. S. 16; B. A. 6.

Bigger, better and busier characterized the final period. Both teams covered the surface freely with no great opposition, and baskets were a common occurrence. Purington was fed up nicely and that trick with a show of individual initiative boosted him on the top perch with nine baskets to his credit. "Stonie" for Norway with Walker and Wentworth for Bridgton broke even with four ringers from the floor during the same squall. Both teams passed easily using the short distance variety with signal stuff constantly on top. Bridgton played rather heavy with long shots at the ring, and several neat baskets were caged at this extreme range. Hard luck playing constantly against them is indicated by the low score.

A peculiar twist in the fortunes of this sport was the work performed by the centers, Thompson and Wentworth. In previous games baskets from that position have been a minus quantity, but through some unexplained condition the Norway and Bridgton boys landed five each. Bone playing in some department may have opened an easy road to their position for a cinch.

Dancing followed the game with music by the Imperial Singing Orchestra.

The Norway girls were out-classed and out-played in the preliminary game Friday evening. In general playing the teams appeared on equal footing but the home girls failed to break up passes and lacked the accurate shooting instinct shown by the visitors. Altogether it was an interesting test of skill and each player worked hard under restraining rule which in many cases act as a drag. Frequently the keen edge is removed from what otherwise might become a spirited contest. The score:

Permanent Road to Paris Line

At an adjourned town meeting held at the Opera House Saturday afternoon, it was voted to raise the sum of $3,330, under the five times clause, so called, for the improvement of the section of State Aid Road as outlined in the report of the State Highway Commission, in addition to the amounts regularly raised and appropriated, above amount being the maximum which the town is allowed to raise. It was also voted to raise $13,000 by an issue of serial bonds, for the construction of a concrete or other improved street from Tannery Brook bridge to the Paris town line. The rate of interest is to be five per cent., the time of payment to begin twelve years from the date of issue, $1,000 to be paid each year. The committee appointed includes Henry B. Foster, Herbert F. Andrews and William F. Jones, the same committee chosen for the Cottage street road.

The vote on the Swift's Corner schoolhouse was amended and $2,500.00 was raised for the building of the schoolhouse by issuing town notes on one, two, three, four and five years, $500 each year, if that amount was found to be necessary, one note to be paid each year, the first one in 1921, with a five percent. interest.

It was voted to hold the meeting of the Town Warrant Committee immediately after the town warrant is issued, hereafter, and to publish the recommendations in the Norway Advertiser, said meeting to be open to all voters.

McGinley Won in Handicap

Frank McGinley of South Paris gave Jack Aspinall of Norway a hard tussle in the handicap match at Norway Opera House, Tuesday evening. Aspinall failed to make good the terms calling for two falls in an hour and McGinley won. Aspinall is credited with one fall in eight minutes. Beyond this doubtful drop, McGinley was never in a dangerous position but improved as the mill progressed. A. K. Birch, the powerful Finnish wrestler was the third man on the mat.

This match was a corker and held the closest attention. Both wrestlers are well known here which added to the excitement, and physical comparison. Jack is fresh from the Canadian army and with skill, coupled to weight made an antgonist of mean calibre. McGinley, although in the lightweight class, has speed, cleverness and tricks right off Kid Bolduc's bat. He was able to outgeneral the heavier opponent and play strongly against Aspinall's staying power, which appeared on the down grade during the last ten minutes.

In the preliminaries Harold Gagnee of Welchville purloined two falls from young Olmstead of Norway. They made a good show and were about 50-50 until Gagnee's experience went in his favor. Time 22 minutes and 12 minutes, respectively.

"Bob" Shaw of South Paris and Mike Nadir went to a draw in a lively bout. Shaw was the heavier, but had nothing on the strong Syrian whose reputation in past ring battles is well known.

Frank Stairs promoted the matches and had good patronage considering the bad traveling and counter attractions. Another show is on next week with Birch, the "mystery man," in the main bout.

Alfred Bolduc, the trainer of McGinley, attended the show and is willing to put the chap against all comers in his class.

Birch Matched Against Italian

Promotor Frank Stairs will stage two main bouts at Norway Opera House, Tuesday evening, March 23. Birch, the smiling Finn, will meet Danato Cortini, champion of the Italian colony at Lawrence, Mass. "Red" Perham of West Paris will be matched with McGinley or Aspinall. So far as known these are finished matches, catch-as-catch can style.

Cortini is an unknown here, but what is believed reliable information places him in a class suitable for Birch and his mysterious ways.

Prof. W. R. Chapman presided at the piano as accompanist for the evening and was at his best. His playing is always watched as well s listened to with interest. His accompaniments were wonderful and by his interpretation brings out the best qualities of his artists.

George W. Willey

After a long period of failing health Charles W. Willey passed away Wednesday, March 3 at the home of his son, C. A. Willey at Berlin, N. H., where he had lived during the past two years. His age was 78.

Mr. Willey was born at Stillwater, June 14, 1842, and at the age of 18 moved to Bethel. He enlisted from that town in '61 and served in the First and Second Maine Regiment, receiving his discharge in '64.

Returning to Bethel he married Lydia E. Criss and in a short time settled in Bartlett, N. H. Twenty-four years ago the family came to Norway. The father and son built the "Willey store" and tenement on Beal street which they occupied seven years as dealers in groceries and general traders. Mr. Willey retired several years ago and the family moved away.

Double Surprises

A pleasant occasion of the past week occurred at the home of Mrs. Jennie Richardson, Paris street, when Mrs. Richardson and Mrs. Addie Lovejoy entertained the members of Harry Rust, Women's Relief Corps, which proved to be a series of surprises, one more than was planned for.

The affair was planned to celebrate the 25th wedding anniversaries of two members, Mrs. Edith Edwards, which occurred on the 10th and Mrs. Emma Swan, which occurred on the 14th. The president, Mrs. Jennie Richardson, in behalf of the Corps, presented each guest of honor with a half dozen silver spoons. It can honestly be said that Mrs. Swan was taken completely by surprise at the turn of affairs, for she truly believed she was going to Mrs. Richardson's for the sole purpose of giving Mrs. Edwards a surprise party. But on the way from her home, Mrs. Edwards met several of the Corps members waiting for others, and she began to think "something was up." She was invited ostensibly to assist with some lodge writing.

During the evening it "leaked" out that this was Mrs. Addie Lovejoy's birthday, and everyone was given a surprise when at a late hour the door bell rang, and her husband appeared with a beautifully decorated birthday cake, which Mrs. Lovejoy asked the two brides to cut, and each one was presented with a portion. Mrs. Gladys Russell and Mrs. Nellie Dwinal contributed to the musical program. Refreshments of ice cream, cake and saltines were served by the two hostesses. The remainder of the evening was passed socially. Ferd Swan furnished transportation for the "older members."

Veranda Club Notes

The Veranda Club was well represented at their regular meeting with Ida M. Gammon, hostess at her home, Deering street, Thursday evening, March 11. The meeting was conducted with Pres. Sadie Lapham in the chair. Fancy work was in the usual way taken up by some. A number of articles of business was attended to and was a very interesting meeting. The program committee, Addie Lovejoy, Roselda Bank and Florence Hosmer presented a short program as time was limited:

Reading.....Vira Kilgore
Recitation.....Cordelia McKay
Vocal Duet.....Grace and Myra Gammon
Accompanist—Minnie Hill.
Reading.....Alta Sheen
Vocal duet.....Grace and Myra Gammon
Accompanist—Minnie Hill.

The president appointed the program committee for Wednesday evening, Mar. 24, Nettie McKay, Roselda Banks, Vira Kilgore.

Club adjourned to meet with Mrs. Maggie Libby, Wednesday evening, Mar. 24. A social hour was enjoyed, refreshments were served by the hostess assisted by Addie Lovejoy and Emma Swan. Grace Gammon, Minnie Hill and Myra Gammon were guests of the evening.

Another social event of the Veranda Club was enjoyed at the home of Mrs. Emma Swan in the way of a little celebration of the 25th anniversary of her marriage. Thirteen members were conveyed to her home by Leon Kilgore. It was in every way a complete surprise. In return for her efficient work as treasurer and chairman of sick committee in the club she was presented with a silver berry spoon by President Sadie Lapham. Appropriate poetry for the event was read by the secretary, J. Alta Sheen. Words of appreciation were spoken in response. This gift was suggested could be put to a better use, "for instance" for serving chicken pies and whipped cream pies. Music was enjoyed from selections on the graphonola by Mrs. Swan.

This gathering was planned to be a very quiet affair without refreshments, but the plans were outwitted for much to our surprise a delicious lunch of chocolate and vanilla ice cream, saltines and cake were served by the hostess, assisted by Sadie Lapham and Addie Lovejoy.

Those who attended were Clara Jordan, Mrs. Virgie Murdock, Mrs. Ida Gammon, Mrs. Vira Kilgore, Mrs. Florence Smith, Mrs. Sadie Lapham, Mrs. Alta Sheen, Mrs. Florence Hosmer, Mrs. Addie Lovejoy, Mrs. Helen Canwell, Clara Ames, Mrs. Nettie McKay.

This was an evening which will always be remembered as one of the many pleasant events which is characteristic with this club. It was regretted that so many of our members were unable to attend. The club was conveyed to their homes by Fred Swan after wishing Mr. and Mrs. Swan many happy returns of the day.

DANGERS OF A COLD

Norway People Will Do Well to Heed Them.

Many bad cases of kidney trouble result from a cold or chill. Congested kidneys fall behind in filtering the poison-laden blood and backache, headache, dizziness and disordered kidney action follow. Don't neglect a cold. Use Doan's Kidney Pills at the first sign of kidney trouble. Follow this Norway resident's example:

Wm. O. Needham, retired farmer, Main St., says: "At different times when I have taken cold, my kidneys have become affected. Several years ago when I felt that my kidneys needed attention, I got Doan's Kidney Pills from F. P. Stone's Drug Store. They strengthened my kidneys, ridding my system of the excess uric acid and in a short time I felt much better."

Eight years later, Mr. Needham said: "I still gladly endorse Doan's Kidney Pills. My confidence in them is as strong as ever. I occasionally use Doan's when I feel in need of them and always get fine results."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Needham had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. 47-48

LAST FREE SEED DISTRIBUTION

The Advertiser has many packages of garden seeds sent to us by Senator Fernald. They are for free distribution and can be had by calling at this office. These are probably the last Government seeds which will ever be given away, as it is understood that the appropriation for this purpose will be dropped. The new commissioner of agriculture urges the abolishment of this custom and Congress is said to be listening to him. The country as a whole regards it as graft on the part of the seed men, and without doubt the millions spent in this way can be used to better advantage.

As long as the supply lasts we will give them out to all who call or send. Order promptly and make sure of getting some.

CASCO

George W. Lombard

George W. Lombard of Casco passed away at his home Sunday afternoon, Feb. 29th, 1920. He had been in ill health for several years and at last succumbed to a severe attack of pneumonia. He was born Feb. 4, 1850 and always lived in Casco with the exception of a few years spent in Massachusetts. He died at his birthplace where his father, John Lombard of Raymond and his mother, Hannah (Fickett) Lombard of Casco lived for many years. His only brother died when young. His home life was enlivened by three cousins living with his parents, Albert Lombard now a lawyer in Grand Rapids, Michigan, Frank Lombard, a druggist in Cambridge, Mass., and Fred Lombard, a farmer in South Freeport. His lovable disposition and pleasing manner together with his thoughtfulness of others, won for him a host of friends who attended the funeral service at his residence, March 3rd at two o'clock p. m.

Rev. Samuel Brown of Raymond officiated taking for his text Jeremiah XVII 10, "To give every man according to the fruits of his doings." The music consisted of two duets, one by Mrs. E. Wilson Baker and Mrs. Grace Gay of Casco and the closing duet by Mr. and Mrs. Samuel Brown. A large attendance viewed the remarkably young looking man of seventy who lay in a light gray casket decorated with pink and white carnations and said, "He had the same smiling face that greeted us in life." He leaves behind a wife, Mrs. Florence Lombard of Casco, two daughters, Mrs. Lottie Griffin of Skowhegan and Mrs. Minnie Curran of Bangor, one granddaughter, Mamie A. Strout of Casco and two grandsons, Ralph G. Griffin and Gerald L. Griffin.

Interment took place in Mountain View cemetery, Casco. Mark L. Leach, Fred Tenney, John Brackett and Herbert Meserve acted as bearers.

SWEDEN

We are with you once more after the terrible blizzard of March 6, but we don't want to see another sunny candlemas day if that is the cause of such weather.

Lots of the loggers have had to quit on account of the water coming up on top of the snow.

Lyman Plummer and wife got snow bound over in Sweden at their camp, "Lymancarrie" at the mineral spring pasture and were unable to get home until Tuesday, March 9. Just before the storm he told of seeing a track on the snow near the camp and thought it might be a hedgehog, but he followed the track and found where he went into a hole and he called it a woodchuck. If they can stand this winter they are all right to start for the north pole most any time.

James Buswell finished work for Enfield Plummer and Wendel carried him to No. 4 Lovell, March 10.

Geo. Davis took dinner with E. S. Plummer, March 6. George carries the scholars to the valley school. He has been poorly this winter, but thinks now he is improving some. It is rather hard for George to get around as he is quite lame and is very fleshy, weighing 325 pounds. He lives alone on the home place on Ingalls hill.

Reliable Information

All American women know of the great success of Lydia E. Pinkham's Vegetable Compound in restoring to health women who suffered from ailments peculiar to their sex, yet there are some who are skeptical and do not realize that all that is claimed for it is absolutely true—if they did, our laboratory would not be half large enough to supply the demand, though today it is the largest in the country used for the manufacture of one particular medicine.

The Facts contained in the following two letters should prove of benefit to many women:

Buffalo, N. Y.—"I suffered with organic inflammation and displacement. When lifting I had such pain and bearing down that I was not able to stand up, and it hurt me to walk or go up or down stairs. I was going to a doctor without any results and he said the safest thing would be to have an operation. I met a lady who told me she had three operations and was not well until she took Lydia E. Pinkham's Vegetable Compound.

I felt relief after taking two bottles of Vegetable Compound and I kept on with it until I was cured. I always use Lydia E. Pinkham's Liver Pills and they are fine. Everything used to turn sour on my stomach and the Liver Pills relieved that."—Mrs. A. Rogers, 553 Fargo Avenue, Buffalo, N. Y.

Sacramento, Calif.—"I had organic trouble and had such terrible pain and swelling in the lower part of my side that I could not stand on my feet or even let the bed clothes touch my side. I gave up my work thinking I would not be able to go back for months. My mother advised me to take Lydia E. Pinkham's Vegetable Compound as it had saved her life at one time, and it put me in a wonderful condition in a couple of weeks, so I can keep on working. I work in a department store and have to stand on my feet all day and I do not have any more pains. I surely recommend your Vegetable Compound to all my friends and you may use these facts as a testimonial."—Bertha J. Parker, 3320 M St., Sacramento, Calif.

Now All You Good Fellows, Come Fill Up Your Pipes

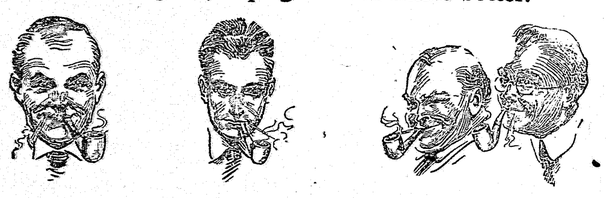

The Velvet tin is twice as big as shown here

IF ever men are "Tom" and "Bill" to each other, it's when good pipes are a-going. If ever good pipes go their best, 'tis when Velvet's in the bowl.

For Velvet is a mighty friendly smoke. Kentucky Burley is the leaf that Nature *made* for pipes. Wholesome and hearty, honest as the day. And Velvet is that same good Burley leaf, brought to mellow middle age.

For eight long seasons Velvet "meditates" in wooden hogsheads, throwing off the rawness of "young" tobacco—truly "ageing in the wood." Out Velvet comes—cool, calm and generous—the tobacco Nature made good, kept good and made better.

Velvet's sweetness is the sweetness of good tobacco, not *"put on"* like "frosting" on a cake. Its mildness comes from *natural ageing*, not from having the life *baked out.* Its fragrance is true tobacco fragrance, not a *perfume.* And Velvet makes an A Number One cigarette. Roll one.

As good old Velvet Joe says:

"Fill yo' heart with friendly thoughts,
Yo' mouth with friendly smoke—
An' let the old world wag."

Sure relief

The sufferer from indigestion, dyspepsia, and biliousness, needs no warning to avoid the many worthless, so-called "cures" that are offered, often containing harmful drugs. In vain, these various preparations have been tried, frequently leaving the system weaker than before.

The true "L. F." Atwood's Medicine brings quick relief without the risk of injurious after-effects. Instead of a temporary improvement, at the expense of weakening some vital organ, it helps the entire digestive apparatus, tones the stomach, and establishes a general healthy condition. Taken regularly, the physical improvement which will result, will also overcome the fear of a new attack.

"L. F." can be given with perfect safety to every member of the family. It has been a family health-restorer for 60 years; its friends are steadfast. You can buy a large bottle (60 teaspoonful doses) from your druggist for 50 cents. "L. F." Medicine Co., Portland, Maine.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Drugists, 75c.

Several victims have already been taken and we fear many more cases will break out before house cleaning time. Mrs. Edith McIntire was the first one taken and from what we hear, has had the real old fashioned kind for she already has three nice drawn rugs to her credit besides several quilt covers. Mrs. Grace Hilton came down next and she has a very pretty braided rug on the way. Mrs. Lulu Pinkham is just recovering from a bad attack of patchwork fever. We must not forget to mention some very pretty braided rugs we saw in the fall made by Mrs. Rebecca Haggett, who is nearly 86 years old.

Working for a Church Home

Richard Jacobson sends us the following: "The Congregational Finns of Waterford, Otisfield and Harrison, who have held their services around at the houses, are trying to raise money to build a church to be situated on the Bolster's Mills road near Emil Pulkkinen's. To start the fund, each contributed five dollars. A committee was appointed to purchase cloth with this money and the ladies made it into clothing.

On Feb. 29 there was a service at Mattie Pulkkinen's and each carried food and they served a dinner at 30c each from which they realized fifteen dollars. On March 12, they held a sale at Rennie Komulainen's at Paris and sold the clothes at auction, that they had made, clearing $131, and they hope to have another sale in the near future.

EAST SWEDEN.

Whole Family Gassed

You do not have to go to France to get gassed. J. E. Flint has his house lighted by electric light storage batteries which are charged by a gasoline engine in the cellar, which when started will run until batteries are charged then shuts off automatically.

One night last week Mr. Flint started the engine and things were working right as far as he could see, but after the two little girls were in bed upstairs Mrs. Flint began to have a headache and feeling bad thought she would go to bed; on arriving upstairs found the little girls acting strange. About this time Mr. Flint was having a headache and feeling badly. It took quite a while to bring the youngest girl too, she being gassed more than either of the others.

The W. L. Marr pine is all cut and hauled, some seven hundred thousand. Earl Marr, Cyrus Durgin's, son-in-law, Mr. Bean, have a job cutting pine on W. D. Moulton's and Mr. Coleman of Fryeburg is hauling it to Bisbee's mill. H. H. Bisbee has his team hauling pine from the A. Z. Brown lot to his mill. D. T. Adams and son, Millard, are cutting it.

KEZAR FALLS

W. A. Garner, Sidney B. Stanley and George Pierce have each lost a work horse recently. The horses would appear to suffer intensely from colic and failing to respond to treatment die after some hours of suffering. Doubts about their provender containing anything deleterious might easily be ascertained by sending samples of the feed to Augusta to be analyzed.

The snow is rapidly melting and the roads and streets are in bad condition. Many cellars are flooded and drains and culverts have become miniature rivers, the river shows signs of breaking up and people here about will feel very thankful if the snow goes off without taking bridges and dams along with it.

James Black

James Black, an esteemed resident of this town, who had been in failing health for some time with heart trouble, passed away March 12th at the home of his daughter, Dr. Laura Stickney of Saco, and was brought to Kezar Falls March 15. Known to Possess Unequaled Value In Spring Ailments

Are prominent ingredients of Hood's Sarsaparilla, in which they are so combined as to be most effective.

This great blood-purifying and strength-giving medicine is easily the leading proprietary medicine for the blood, stomach, liver and kidneys, which almost universally need attention in the spring. Thousands take it year after year with entire satisfaction for that tired feeling, that loss of appetite, that eruption on the face or body, and that low or run-down condition of the system so common now. And they enthusiastically recommend it to others.

Begin taking it at once, three times a day after meals. It is pleasant to take and "makes food taste good."

If you need a laxative or cathartic, take Hood's Pills. You will find them gentle and thorough.

FORMER MAYOR ENDORSES TANLAC

"You Will Hardly Know Me When We Meet Again; For I Am Getting Well," He Writes Friend.

One of the latest additions to the list of leaders of thought and action who have come forward with their unqualified endorsement of Tanlac is the name of Hon. Frank V. Evans, former Mayor of Birmington, Ala., ex-State Examiner of Public Accounts of Alabama, and at one time editor of one of the South's greatest newspapers, The Birmington Age-Herald.

Writing to a personal friend in Atlanta, Mr. Evans says:

Birmington, Ala., Feb. 2nd.

".....By the way, you will hardly know me when we meet again, because I am getting so well and strong again. As I told you while in Atlanta last month, I have been suffering a long time with gastritis, as the doctors call it—really a disordered stomach with consequent constipation, pains in the shoulders, headache, belching, heartburn, loss of appetite, loss of sleep, and fainting spells. For weeks I could not sleep on my back.

"One week ago; upon recommendation of friends who had tried the medicine, I purchased one bottle of Tanlac and began taking it. Since my second dose I have suffered none of these troubles to which I refer, and really believe I am going to get perfectly well and strong again. Won't that be wonderful at my age? Well, certain it is that Tanlac is a wonderful medicine, and you know I am not given to 'puffing' mere experiments and am rather orthodox as to materia medica.

"I shall continue the treatment with perfect confidence in the final results."

Signed,
"FRANK V. EVANS."

"Tanlac is sold in Norway by A. L. Clark Drug Co., and in West Paris by S. T. White."

Backward Pupils

You are anxious to give your child every advantage at school, but how about his eyes? Perhaps he is going to be handicapped for lack of glasses.

No boy can do well in school who cannot see distinctly. A case of that kind came under our observation last year.

Teacher said he was stupid and dull—he did not do well at his lessons. We examined his eyes and found he couldn't see the writing on the blackboard. Glasses changed everything—soon he was leading his class.

Most backward children have poor eyesight. How about your child?

"Flu" OR "Influ"

—as Influenza is commonly known—is a serious malady. Its warning symptoms in the form of the sudden chill—the feverish cold—the aching head and throat—may frequently be stopped short in their first stages or virtually rendered harmless by the prompt use of

Johnson's ANODYNE Liniment

—a doctor's famous prescription that has over 100 years of splendid success to its credit. There is nothing so valuable as this ever reliable old family remedy for Coughs, Colds, Grippe, Sore Throat, Cramps, Chills, Bronchitis, Tonsilitis, Sprains, Strains and various other internal and external ills. For more than a century this wonderfully soothing, healing, pain stopping anodyne has proved a blessing to humanity—a safeguard against dangerous developments from many common troubles.

CHILD ALMOST DEAD GRANDMOTHER SAVES LIFE

Roxbury, Mass. A grandmother in Roxbury writes: "I put great faith in your medicine, and one of my children was dying. The doctor said she could not live until morning, and I ran out to the drug store and got a bottle of Dr. True's Elixir, was so excited I gave her the half of the bottle at once and at night I gave her the other half. I thought it's either Kill or cure for the doctor says she is dying anyway, but she did not die. She went to sleep, the first sleep for a week, and the next morning she passed two worms, red in color, six inches long. The doctor came to see if she was dead, but he ran out pretty quick, as she was sitting in her chair eating a bowl of oatmeal and milk. That was twenty-four years ago, and now she has a baby girl of her own seven months old, who is also using Dr. True's Elixir." (Name on Request).

Constipation, headaches, tired feeling, weakness, spots before the eyes, bad breath, sleeplessness, irritability, dizziness, and many other signs of sickness, can be relieved, if you take the prescription known as Dr. True's Elixir. The Family Laxative and Worm Expeller. It has done much for sick people, men, women and children, ever since 1851—over 68 years' reputation.

Take Dr. True's Elixir—give it to your children—The Family Laxative and Worm Expeller. At all dealers. Dr. J. F. True & Co., Auburn, Me.

WHY BURDEN A FRIEND WITH THE CARE OF YOUR ESTATE?

Unquestionably it shows confidence in your friend's ability and integrity to name him as executor and trustee of your estate, but is it fair to place on him such a burden of responsibility? Can he afford, from the standpoint of his own personal interests, to accept such an appointment?

Why not consider the selection of an executor and trustee as a business matter, and appoint the Norway National Bank, which is empowered by United States Statute to undertake the duties of trusteeship?

If there is some special reason for having a friend serve, appoint him co-executor and co-trustee with the Bank, thus relieving him of most of the burden.

A rolling stone gathers no moss, (this statement is frequently applied to a tramp), but it at least gets around and sees what's going on.

Anyway

We will apply this statement to the average man. How is he going to know what is going on or which store to shop in until he has looked them all over? (Rolled Around.)—We are all capable of writing advertisements you know.

If we were you, we'd roll around—stop here and there and everywhere—compare the goods, material and price and the store that showed us the best combination would get the contract, even though we might have a brother-in-law in the same line of business.

Look out for yourself this Spring—but don't overlook us.
